

Round / Square

The ROUND and SQUARE are a precise integration of classic architectural design and exquisitely finished formed metals and PMMA lenses. ROUND and SQUARE provide soft even, illumination as marker lights for walkways, steps and pathways. The LED sources, with a CRI of 93 and an R9 value of 82, provide exceptional color rendering. The color consistency is further ensured by 2-step MacAdam ellipse binning. Durable construction allows this product to be used in both interior and exterior IP65 applications. ROUND and SQUARE are available in 1 standard finish with the option to create a one-of-a-kind lighting element with a custom painted color to match wall colors or to apply wall coverings. The classic contemporary Italian design of ROUND and SQUARE combined with modern LED technology provides discrete illumination and architectural integrity to any project.

Standard Finish

316L stainless steel

316L Stainless Steel

JOB:	TYPE:	QUANTITY:
------	-------	-----------

NOTES:

Technical Data

Input

350mA - dimmable with appropriate driver

Wattage

1.2W

Color Temperatures

2700°K (WW), 3000°K (W), 4000°K (N)

2 step MacAdam ellipse binning

CRI / R9

92 / 84

Lumens

140 lm (WW) 150 lm (W) 170 lm (N)

Optic

360°

Order Code:

Code	Wattage	Voltage	CRI & CCT	Finish	Mounting
-	2W	350MA	-	-	-

ROU = Round
SQA = Square

927 =90 CRI, 2700°K
930 =90 CRI, 3000°K
940 =90 CRI, 4000°K

SS = Stainless Steel
XX = Custom

FWC = Formwork cylinder

Drivers

Non-dimmable

DR-4W350MA-OUT - 90-264V input - 1 to 3 pieces

Phase Dimmable

DR-16W350MA-DIMW - 120V or 277V input - 9 to 13 pieces

0-10V Dimmable

DR-3W350MA-OUT - 1 to 2 pieces
