NOTES:

# Flute Mini/Maxi

The FLUTE LED pendant is a classic architecturally designed indoor luminaire made of anodized aluminium and an incorporated PMMA optic. With a CRI of 93 and an R9 value of 82, the LED sources provide exceptional color rendering. The color consistency is further ensured by 2-step MacAdam ellipse binning. Finely detailed construction allows this product to be used in in a variety of indoor applications either as a single pendant or in multiple clusters. FLUTE is available in 3 standard finishes with the option to create a one-of-a-kind lighting element with a custom painted color. The classic Italian design of FLUTE combined with modern LED technology provides illumination and architectural integrity to any project.
